Welcome! The New York State Department of Health (NYSDOH) has contracted with Prometric to develop and administer the New York State (NYS) Nursing Home Nurse Aide Competency Examination and manage the NYS Nursing Home Nurse Aide Registry (NAR). All individuals performing nurse aide duties in a nursing home on a full-time, part-time or contractual basis must meet minimum training and competency requirements in accordance with state and federal regulations and be listed in good standing on the NAR. The majority of nurse aides on the registry become certified by successfully completing a NYS-approved nursing home nurse aide training program and passing the Competency Examination. The exam consists of two parts: 1) a Clinical Skills exam (practical portion); and 2) a Written (oral) exam Below you will find all of the information you need regarding the CNA exam as well as important information on the CNA Registry and certification renewal.
