She has known me for more than two years. I haven't seen her since Christmas. How long have they been here? It is often used with expressions indicating that the activities come up to now, such as: for 10 years, since 1995, all week, all the time, always, lately, recently ... We have always worked in York. (We still work in York.) It has been quite cold lately. (It is still cold.) 2. This is because the sentence is in the present perfect continuous tense, which is used to describe an action that started in the past and is still ongoing in the present. In this case, the action of sailing started yesterday and is still continuing, indicating that "have been" is the appropriate verb form to use. Correct Answer A. Has forgotten ... have been waiting Explanation The correct answer is "has forgotten ... have been waiting". This answer is correct because it uses the present perfect tense to indicate an action that started in the past and is still ongoing. The phrase "has forgotten" suggests that the waiter forgot about the customers at some point in the past, and "have been waiting" indicates that they have been waiting for 30 minutes and are still waiting. Correct Answer A. Present perfect continuous tense Explanation The sentence "Tom hasn't been feeling well for two weeks" indicates an ongoing action that started in the past and is still continuing in the present. "Have seen" is used to describe a completed action in the past. Thus, the combination of "have been seeing" and "have seen" correctly conveys the idea that the speaker has been continuously observing changes in their girlfriend's personality over the past couple of years. Correct Answer A. Have been facing ... go Explanation The phrase "have been facing" is in the present perfect continuous tense, indicating an ongoing situation. "Go" is in the simple present tense, signifying a habitual action. Together, they express that David and Beth have continuously experienced relationship issues and habitually attend counseling, emphasizing the present relevance of their actions. Present perfect simple vs. present perfect continuous 1. In some situations we can use both tenses and there is practically no difference in meaning. It has rained for a long time. It has been raining for a long time. Verbs which can be used in this way include: learn, live, sleep, rain, sit, work, wait, stay... 2. Sometimes the simple tense can describe a permanent state, while the continuous tense a temporary activity. I have lived here for ten years. It is my permanent address. I have been living here for ten years. And now I am going to move. Some verbs cannot express this difference, because they are not normally used in the continuous tenses. Verbs of senses: feel, hear, see... Verbs expressing emotions: like, love, admire, wish... Verbs of mental state: know, remember, mean, recognize... Verbs of possession: belong, own, owe... Auxiliary verbs: can, must, be + have in some cases. Other verbs: appear, concern, seem, sound... All these verbs must be used in the simple form. We have always had a dog. I've known him since 1997. 3. Verbs that express a single action (find, start, stop, lose, break...) are not used in the continuous form. They've started the fight. I've lost my purse. 4. There is a difference between a single action in the simple and continuous. I have painted the hall. (I have completed my work.) I have been painting the hall. (That is how I have spent the day, but it does not mean that I have finished my job.) 5. A single action in the present perfect continuous comes up to the time of speaking. But it is different with the simple tense. She's been cooking dinner. (She has not finished cooking. The action is important.) She has cooked dinner. (The dinner is ready. The result is important.) 6. We can only use the present perfect continuous for uninterrupted actions. I've been visiting New York for a couple of years. She has been writing letters since she got up. In these sentences we describe one uninterrupted incomplete activity. If the action is repeated or interrupted (we describe a number of completed individual actions), we must use the simple form. (see also the past tense rules). I have visited New York three times. She has written four letters since she got up. Our tip: English grammar books PDF All PDF exercises and grammar rules from this website. top
