Main articles: Romantic poetry and 19th century in literature Russian writer Leo Tolstoy, author of War and Peace and Anna Karenina On the literary front the new century opens with romanticism, a movement that spread throughout Europe in reaction to 18th-century rationalism, and it develops more or less along the lines of the Industrial Revolution, with a design to react against the dramatic changes wrought on nature by the steam engine and the railway. William Wordsworth and Samuel Taylor Coleridge are considered the initiators of the new school in England, while in the continent the German Sturm und Drang spreads its influence as far as Italy and Spain. French arts had been hampered by the Napoleonic Wars but subsequently developed rapidly. Modernism began.[30] The Goncourts and Émile Zola in France and Giovanni Verga in Italy produce some of the finest naturalist novels. Italian naturalist novels are especially important in that they give a social map of the new unified Italy to a people that until then had been scarcely aware of its ethnic and cultural diversity. There was a huge literary output during the 19th century. Some of the most famous writers included the Russians Alexander Pushkin, Nikolai Gogol, Leo Tolstoy, Anton Chekhov and Fyodor Dostoyevsky; the English Charles Dickens, John Keats, Alfred, Lord Tennyson and Jane Austen; the Scottish Sir Walter Scott, Thomas Carlyle and Arthur Conan Doyle (creator of the character Sherlock Holmes); the Irish Oscar Wilde; the Americans Edgar Allan Poe, Ralph Waldo Emerson, and Mark Twain; and the French Victor Hugo, Honoré de Balzac, Jules Verne, Alexandre Dumas and Charles Baudelaire.[31] Some American literary writers, poets and novelists were: Walt Whitman, Mark Twain, Harriet Ann Jacobs, Nathaniel Hawthorne, Ralph Waldo Emerson, Herman Melville, Frederick Douglass, Harriet Beecher Stowe, Joel Chandler Harris, and Emily Dickinson to name a few. The 19th century is frequently characterized as a period of tension between forces of continuity and change. The reformers who advocated the adoption of European institutions and technology, have often been portrayed as the progressive elements of society courageously charting the course toward an inevitably Westernized twentieth century. Conversely, the adherents of continuity, who viewed with alarm the dismantling of the Islamic order and sought to preserve tradition and retain the values and ideals that had served Ottoman and Islamic society so well for so long, are sometimes portrayed as nothing but archaic reactionaries. But we should avoid these simplistic characterizations if we are to appreciate the agonizing and dangerous process of transforming an established religious, social and political worldview. ^ "The First Telephone Call". www.americaslibrary.gov. Essa palavra é derivada do termo aramaico qat shemen. O Getsémáni desperta a curiosidade dos cristãos principalmente devido aos relatos sobre os momentos que precedem a prisão de Cristo e sua crucificação. Na noite em que foi traído, Jesus foi orar no Jardim do Getsémáni. O que é o Getsémáni é um lugar citado na Bíblia localizado a leste de Jerusalém, além do ribeiro de Cedron, na região do Monte das Oliveiras. No Evangelho de João (João 18:1). Os Evangelhos de Mateus e Marcos, originalmente mencionam esse lugar como um "pedaço de terra fechada", onde Jesus retornou com seus discípulos (Mateus 26:36; Marcos 14:32). Isso parece indicar que o Jardim do Getsémáni era uma área razoavelmente grande, pois os discípulos descansaram ali enquanto Cristo, acompanhado de Pedro, Tiago e João, subiram a montanha. O texto bíblico diz que os três discípulos que acompanhavam Jesus esperaram num determinado lugar, pois Jesus adentrou aliá mais no bosque das oliveiras para orar sozinho. No Evangelho de Lucas o Jardim do Getsémáni é mencionado apenas como "aquele lugar" (Lucas 22:39-41). Os relatos dos Evangelhos sugerem que o Getsémáni servia como um tipo de retro escotado e frequentado costumeiramente por Jesus juntamente com os discípulos (cf. Lucas 22:39). É certo que esse local se tornou marcante na cena da agonia de Cristo. Ali Judas Iscariotes o trai e Ele foi preso (Marcos 14:32-52). Alguns intérpretes atribuem à cena de Jesus orando no Jardim do Getsémáni como sendo o fato que deu origem ao costume cristão de ajoelhar-se para orar. O evangelista Lucas escreve: "E ajoelhou-se deles cerca de um tiro de pedra; e, pondo-se de joelhos, orava" (Lucas 22:41). Fazendo um paralelo com o significado da palavra Getsémáni, é possível dizer que num certo sentido Jesus foi "prensado" ali. A agonia de Jesus no Jardim do Getsémáni foi tão grande, que seu suor se tornou com sangue. Onde fica o Jardim do Getsémáni? Existe um debate acerca do local autêntico onde ficaria atualmente o Jardim do Getsémáni. Apesar das dificuldades, algumas possibilidades são levantadas. O tradicional local latino para o Getsémáni fica próximo da estrada para Jericó. Esse local foi cercado pelos franciscanos em 1848 e mede cerca de 50 por 47 metros. Nesse local encontra-se a Basílica da Agonia, que abriga a tradicional Rocha da Agonia. Ali também contém oliveiras que acredita-se que datam de antes do século 7 d.C. Eusébio e Jerônimo identificam esse como o lugar original do Getsémáni. Outros lugares também são sugeridos. Os ortodoxos gregos, por exemplo, cercaram outro local adjacente. Há também uma grande área a nordeste da Igreja de Maria Madalena que é considerada por muitos como sendo o local genuíno do Getsémáni. Essa área fica no alto da montanha e ali ficavam grandes jardins. Seja como for, é certo que nenhuma das árvores que estavam plantadas no Getsémáni existem ainda hoje. Flávio José relata que as árvores originais dos tempos de Jesus foram todas derrubadas por Tito.
