Florida mens basketball senior guard Walter Clayton Jr. earned First Team All-American honors for his 2024/25 season, as announced on Tuesday by the Associated Press. Clayton Jr. is Floridas first AP All-American selection since 2014, where Scottie Wilbekin earned third-team honors. The Gator point guard was previously named a First Team All-American by Sporting News, which marked the first time in Florida basketball program history that any player was named to a national first team from any publication.We know hes first team All-American, first one in Florida history, which is crazy. Just playing at an insanely high level, head coach Todd Golden said on Clayton Jr. I just hope people just understand how gifted and talented he is and how much of a winner he is.Clayton Jr. is averaging a team high 17.5 points per game while shooting 44.4% from the floor including 37.7% from three-point range, both SEC career highs for the Lake Wales, Florida native.Clayton Jr. has scored double figures in 29 of his 33 appearances this season, including the last 18 in a row, and has scored 18 points in nine of the last 12 games. He has 11 games with 20 or more points, including 22 points in both the SEC Tournament semifinal win vs. No. 5 Alabama and the championship game win vs. No. 8 Tennessee. During the last five games, three of which were against teams ranked inside the top 10, Clayton Jr. averaged 21.4 points per game and combined for 20 three pointers made, an average of four per game on 44.4% shooting from deep.Talk about playing with confidence, you know, hes out there just letting it rip. He just is so good with the ball in his hands and makes great decisions. Golden said on Clayton Jr.s recent stretch of play.Perhaps the most impressive part of Clayton Jr.s 2024/25 campaign was his ability to guide Florida to a 30-4 record, an SEC Championship, and a No.1 seed in the NCAA Tournament-Winning matters, Golden said on Clayton. Weve been able to add some program changers, and Id put Walt right at the top of that list. Getting him to come home, come back and play for the Gators was obviously a huge, huge addition to our program and hes just been an elite player since hes been here.Associated Press All-America Teams First Team\*Cooper Flagg, DukeJohn Broome, AuburnBraden Smith, PurdueMark Sears, AlabamaWalter Clayton Jr., Florida\*unanimous selectionSecond TeamJT Toppin, Texas TechKam Jones, MarquetteJohn Tonje, WisconsinPJ Haggerty, MemphisRJ Luis Jr., St. JohnsThird TeamRyan Kalkbrenner, CreightonZakai Zeigler, TennesseeEric Dixon, VillanovaLJ Cryer, HoustonHunter Dickinson, Kansas GAINESVILLE, Fla. The Tampa native stands at 6-3, 225 pounds and is a four-star prospect in the Class of 2026.Griffin recently spent some time around the team while Florida was practicing for their bowl game at Griffins high school in Tampa.For the bowl game, they practiced at Jesuit. So I got to watch the end of a couple practices during exams. I talk to Coach Napier and Coach OHara frequently and obviously we just flipped some big guys from some big schools after finishing the season strong, which is something really big for the program, Griffin said. With 2025 signees Vernell Brown III, Dallas Wilson and Naeshawn Montgomery all participating in this years Under Armour All-American game, Griffin will get a head start with some of his future receivers this week.All four players will be on Team Icon.I helped recruit some of them and saw them at a lot of games, Griffin said on his future teammates. Weve been through the thick and thin right, me and Vernell, when we committed it was supposed to be a great season. Everything was going good, but theres highs and lows in every season and we finished out strong and got a lot of commits and flips. So, we finished out the season strong. Its going to be great that they are all staying home.When asked about his expectations of the team prior to the season, Griffin wasnt surprised about Floridas late season surge beating two ranked teams in back-to-back weeks.Coach Napier is awesome, and he pours everything he can into those guys, Griffin said. They all believed in him from the beginning, I did when I committed, I said this is where I want to be.Its clear that Will Griffin was born a Gator and it seems it will stay that way as of right now. The coaching staff is just the cherry on top for the Jesuit quarterback. Man, I just love Coach Napier and Coach OHara. They are just great and its a dream school of mine, a lot of my family members went there. Ive been to numerous games, and I just love the atmosphere and I love the swamp, especially night games, and I love the fans, Griffin said. You know, I really love them, and they really love me so it was perfect. Im a Gator and that how its going to be.When asked if he would take any more visits in the future, Griffin was quick to answer and was straight to the point.No, Im a Gator, Griffin said.The four-star quarterback is currently ranked as the No. 151 overall prospect and No. 11 quarterback in the country, according to 247Sports Composite rankings. In three seasons played (freshman-junior), Griffin totaled 7,270 passing yards for 76 touchdowns. The Jesuit quarterback also recorded 2,495 passing yards for 30 touchdowns on Varsity as a 7th and 8th grader. Griffin currently has a total of 25 offers but looks to remain locked in with the Gators until signing day rolls around this time next year. Under Armour All-American practice has officially ended with four Gators signees preparing for the nationally televised game on Wednesday evening.After a good week from all four signees, the pair of linebackers made a big statement in the final few days of practice. Team Fire defensive coordinator Reed Heim couldnt say enough positive things about Gators linebacker signees Aaron Chiles and Myles Graham on Tuesday afternoon in Orlando.Coach Reed Heim is currently the Head Football Coach at Denton Guyer High School where he coached several talented players including Oklahoma Jackson Arnold. The Guyer Wildcats recently won seven games this past season and finished fourth in their district.Ive really been impressed from Day 1, we did a couple things that might take a regular kid a little bit of time to figure out, and those guys are just on point, and theyre just like sponges. They want to know if theyre doing things the right way, Heim said. They ask good questions, they communicate and they have some innate leadership ability. I think theyre both going to be exceptional players in college. The relationship both players have with each other has only made them better football players when on the field together. The chemistry is there, and the communication between the two future Gators is exactly where it needs to be.A couple things that jump out to me is number one they have a good relationship, you know, they didnt go to the same high school, but you can tell theyve already built some camaraderie and that goes to the recruiting process. So, obviously Florida did a good job getting those guys to get to know each other and build relationships. The second piece is that theyre both intelligent players, the size and the athleticism factor, Heim said on both players. I mean, they wouldnt be going to Florida if they didnt check that box. So, as far as do they look the part, do they move the part, absolutely.What seemed to impress people the most was the cover skills both players put on display, especially at their size. The ability to travel from hash-to-hash has helped them in that area. However, theres always room to improve and both Graham and Chiles made that a top priority in such a short week.When you hear how good you are all your life, do you have a desire to get better. I feel like both of those guys really want to be good football players, Heim said. So, to me thats the first sign of coachability, whats their drive to be great, do they feel like theyve arrived or do they feel like theyre hungry and ready to prove something when they get there. Theyre going to be good college players and theyre very coachable.After having an impressive showing and improving each practice throughout the week, it was hard to find any weaknesses between the two linebackers. The mistakes will be there as incoming freshmen, but Floridas linebacker room should take the next step with the two All-Americans looking to make an early impact.Nothing about their game has gone woah thats something that they need to work on, Heim said on potential weaknesses. Theyre at the Under Armour All-American game, theyre not going to have immediate deficiencies. Ill talk to them about certain stuff, and they understand, there hasnt been a mental gap.On Wednesday evening, both Chiles and Graham will look to make another big statement as the leaders of Team Fires linebacker unit.The game will be televised on ESPN at 4:00 PM EST at Camping World Stadium.
