

I'm not a robot

HARIVU ENGINEERING CONSULTANTS is a multidisciplinary consulting engineering firm with a team of highly experienced design professionals. Our mission is to provide top-notch engineering services with innovative and customized project solutions that prioritize efficiency, energy conservation, and sustainability. Our story begins with the idea of INNOVATE, COLLABORATE & INTEGRATE, driving us to deliver exceptional engineering design solutions. We understand the importance of considering time, energy, and sustainability in our projects, setting us apart from others in the field. But did you know that HARIVU ENGINEERING CONSULTANTS also has a softer side? Our team is deeply committed to social causes, as evidenced by their involvement in helping a farmer transport his deceased son's body back home after treatment in Bengaluru. This heartwarming anecdote showcases our dedication to making a positive impact beyond just engineering services. At HARIVU ENGINEERING CONSULTANTS, we're passionate about bringing the best books to readers and publishing emerging talent. Our journey started with creating a platform for people to discover new authors and titles, and now we're committed to promoting local writers and their works through our publication arm. Our goal is not just to sell books but also to create a vibrant community of readers and writers.
