Destiny rise of iron code xbox one free

If you're new to Destiny, especially after playing Taken King, you might be excited to know that there are 30 upgrade codes hidden in promotional trading cards, a website, and packaging for the limited edition game. These codes can be redeemed on Bungie.net for various rewards, including emblems, shaders, and more. To get started, register on the site, link your PSN/XBL account(s), and enter the codes to claim your rewards. The Grimoire cards can be viewed online once unlocked, while emblems and shaders can be collected from the Postmaster at The Tower. These codes have no restrictions and can be claimed by everyone.
