The new fourth eBook edition of Technology, War and Independence is the third book in Aaron Wilkes' bestselling Oxford KS3 History series. This e-textbook covers twentieth century history, including key events such as the suffragettes, First and Second World Wars, democracy and dictatorship, and globalization. It aims to provide students with a comprehensive knowledge of this period and prepares them for success in Key Stage 3 History. The book includes features such as historical sources and interpretations presented with clear provenances, over-to-you activities to check student knowledge, and step-by-step guidance on key History skills. Additionally, it offers literacy focus features to improve essay writing skills and grammar. The eBook also comes with complete assessment support, including quick knowledge quizzes and exam-style assessments. This edition retains Aaron Wilkes' unique style, which has been shown to inspire and motivate young historians. It is part of the Korboodle series, which includes a digital subscription packed full of interactive resources, worksheets, animations, and automarked assessments. Industry and Empire is the second book in the popular Oxford KS3 History series by Aaron Wilkes. This e-textbook explores British history during four key periods: Tudor, Stuart, Georgian, and Victorian times, covering social and cultural aspects, the Civil War and Cromwell, the Restoration, the Industrial Revolution, public health, slavery, and the rise of the British Empire.
